

Experience

Nuts & Bolts AI | Product Designer

Aug 2025 - Present · Seattle, WA

Cut campaign launch time by 90% by redesigning the AI-driven campaign creation flow, removing manual steps for managers.

Built the company's first scalable design system as founding UX/UI hire on an AI-first campaign platform.

Accelerated prototyping cycles by pairing with engineering using Claude Code and AI-driven workflows.

Reality Break Escapes | Product Designer

Dec 2023 - Aug 2025 · Bellevue, WA

Increased engagement and conversion by 3% through a full website redesign and rebuild.

Prioritized key UX fixes using heatmap and click-through analysis across the site.

Improved the experience for 13,000+ annual customers by aligning design with stakeholder and business goals.

Hugsi | Product Designer

Dec 2022 - Jan 2025 · Bellevue, WA

Drove 15% 30-day retention leading a 4-person team on Hugsi's Mobile MVP.

Grew the early user base to 300+ through continuous user research.

Owned end-to-end design of the Mobile MVP and internal dashboard.

Electric Potential | Product Designer

Dec 2023 - May 2024 · Seattle, WA

Increased funder engagement 3% by redesigning the 'Theory of Change' page.

Led a cross-functional design sprint to validate new concepts.
